AT 10 A. M.,

At our salesroom, corner Fort and Queen streets, we will sell a large quantity of fine

DRY GOODS, NOTIONS, ETC.,
and many other things.

FISHER, ABLES CO., LTD.
AUCTIONEERS.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential to all such cases is **INCREASED VITALITY**—vigor—**VITAL STRENGTH AND ENERGY**—to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the celebrated life-reviving tonic

THERAPION NO. 3
than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXPIRING LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and valueless. This wonderful medicine is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

THERAPION
is sold by the principal Chemists throughout the world. Price in England, 2/6 and 4/6. It appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Beginning February First

THE
Aquarium

will be closed at 5 p. m.,
except on Saturdays and Sundays,
on which days it will continue to be open till 9:30 p. m.

Alexander Young Bldg.

**WANTED A
CORONET**

**French Count Hunted
for One in
Vain.**

Comte Henry Prevost de Brebieres, member of the Geographical Society of Paris, with residences, according to his carte de visite, at the Hotel Chatham, rue Daumont, Paris, and the Chateau de St. Laurent Blangy, Pas-de-Calais, was a through passenger on the steamer Sierra yesterday. He is completing a tour of the world in the interest of the Geographical Society, and will visit Mexico and the United States before returning to that dear Paris.

The Count, while in Honolulu, purchased a camera. Then he found that it lacked an essential, especially in view of the fact that he had so many aristocratic places of residence in France. The camera was only a plain American picture-taker, and therefore had no adornments.

The Count wanted a coronet to place upon the upper surface. He secured the city in search of the symbol of nobility. At one place he visited he said:

"I wish a coronet, not a kingly coronet, but one that would be sufficient for a count."

The Count tried many places in town, but departed without getting the cherished emblem. Had he visited a curio store he could probably have obtained a gross of old-time Hawaiian monarchy crown symbols.

THE SENATE

(Continued from Page 1.)

It is for the benefit of all that a law of this kind should be passed.

"We therefore recommend that the act may be passed with amendments to agree with the Revised Laws of Hawaii."

Dickey introduced a bill to amend Section 1068 of the Revised Laws. Passed first reading and referred to the Printing Committee.

Paris introduced a bill to amend section 1221 of the Revised Statutes. Passed first reading and referred to the Printing Committee.

Bishop's new bill to amend Section 2592 of the Revised Laws took the same course.

REGULAR ORDER.

The regular order occurred on the third reading of Senate Bill 36, to authorize the use of typewriters in making public records. The bill passed on the call of the roll without dissent.

Senate Bill 40 relating to the bonds of public officials on second reading was passed. It will come up for third reading today.

Senate Bill 23, an act to index the records, on second reading was passed, and will be read for the third time today.

Senate Bill 25, to regulate the examination of jurors as to their qualification or interest came up for third reading and on call of the roll passed without dissent.

Senate Bill 30, to amend the garbage laws, on third reading was amended to make it amendatory of the Revised Statutes, and passed third reading without dissent.

Senate Bill 35, amending the Civil Code relating to the duties of the Registrar of Conveyances, on third reading was sent back to the Ways and Means Committee for amendment.

Senate Bill 37, to prohibit the stealing or mutilation of public records, on third reading was variously amended and passed without dissent.

Senate Bill No. 8, to amend the civil laws of 1897, on second reading was sent back to the Judiciary Committee for correction.

Senate Bill 42, to facilitate the collection of debts and taxes due the Territory, on second reading was sent back to the Committee on Public Expenditures for correction.

Senate Bill 46, relating to proceedings for the recovery of land, went to the Judiciary Committee on second reading. Senate Bill 47, on second reading, went to the Ways and Means Committee. This is the bill to amend the law relating to the collection of internal taxes.

The Senate then took a recess until 2 p. m.

AFTERNOON SESSION.

Vice-President Paris called the Senate to order at the afternoon session and McCandless from the Expenditures Committee made a verbal report on Bill 34. The bill went on the table to be taken up in order.

Like action was taken with Bill 42, reported from the same committee by Bishop.

Wilcox, from the Miscellaneous Committee, presented a report on Senate Bill 39, making some slight amendments in the measure. This is the bill to protect owners of containers for beverages and medicines. Laid on table to be taken up with the bill.

Just as the afternoon session was about to adjourn, Dowsett introduced the following resolution, which was passed.

"Resolved by the Senate, the House of Representatives concurring, that the Committee of Ways and Means of the Senate, and the similar committee of the House of Representatives are hereby authorized to burn up or destroy all Hawaiian silver and gold certificates which are cancelled and withdrawn from circulation; and all their actions relating to the same are hereby approved by the Legislature of the year 1905."

The Senate then adjourned until tomorrow.

THE HOUSE.

Government laborers on roads, bridges, culverts and similar works will not receive less than \$1.50 a day after this, if they receive anything at all, for the flat of the House of Representatives went forth yesterday afternoon to that effect by the decisive vote of 24 to 5.

The matter came up on third reading of Rep. Aylett's bill to fix \$1.50 a day as the minimum wage.

The author of the bill simply moved the third reading, but Rice moved in amendment that the minimum be placed at \$1, as up in his district the road board only had about \$1000 to spend and, if the bill carried, it would mean that a few men would get all the money and there would be less work done.

Greenwell indorsed this and said that in his district the people would rather have a smaller wage paid more often and to more people.

Coelho stood for \$1.50 because, he said, he loved the people and this was the time to show his love.

Nakuina supported the amendment, but Rep. Sheldon said it was impossible to expect men to work for less than \$1.50 a day in Oahu at all events and it would not do to have \$1.50 paid here and \$1 in other parts of the islands.

Kaniho made one of his customarily long speeches supporting the \$1.50 minimum.

Fall was for the amendment, and Rep. Broad came out strongly for the higher rate, being, as he said, a laborer himself.

The amendment was lost, only Rice, Greenwell, Fall and Nakuina voting for it.

Andrade submitted an amendment to the effect that the act should not apply to any public work now in course of construction under contract. The amendment carried.

The bill was then put up for its third reading and passed as amended by 24 to 5. The five were Greenwell, Nakuina, Rice, Shipman and Speaker Knudsen. Haia was absent.

THE TREASURER REFUSES.

At the opening of the morning session a letter from Treasurer A. J. Campbell was read in which that official turned down the request of the House that all indemnities to Representatives be paid in cash without being subject to discount by the issuance of registered warrants.

"In answer to the request that the Treasurer cash the warrants of the members of the House of Representatives," wrote Treasurer Campbell, "I respectfully submit that the Organic Act does in Section 26, Chapter 2, provide for the payment of members of the Legislature as to the amount and number of payments into which this amount shall be divided. It does not, however, provide that the liability thus incurred shall be treated differently from other Territorial obligations."

"In the administration of the affairs of this office, equal consideration is given to all, and in the payment of warrants no preferred claims are recognized, cash being paid as long as there is cash in the Treasury, and warrants registered after that in the order of presentation."

"In justice to all who may have claims against the Territory for either services or materials supplied, I am unable to see how I can treat warrants of the members of the Legislature in a different manner than other warrants are treated. Therefore, while very much regretting that the Territorial finances are in such condition that all warrants cannot be paid upon presentation, I must decline your request to treat warrants of the members of the House as preferred claims."

Harris moved the filing of the letter, but Fernandez moved for its tabling, and the House, in a listless manner, tabled it.

**Great Stock
Taking Sale**

Dry goods to be cleared at a big sacrifice below cost as follows:

Red, white, pink, blue organdy now sold for 10 cents yard.

rants registered after that in the order of presentation.

"In justice to all who may have claims against the Territory for either services or materials supplied, I am unable to see how I can treat warrants of the members of the Legislature in a different manner than other warrants are treated. Therefore, while very much regretting that the Territorial finances are in such condition that all warrants cannot be paid upon presentation, I must decline your request to treat warrants of the members of the House as preferred claims."

Harris moved the filing of the letter, but Fernandez moved for its tabling, and the House, in a listless manner, tabled it.

MAHELONA OBJECTED.

It was when Chairman Andrade of the Judiciary Committee rose to report that he had a slight fall out with Mahelona. The report included a recommendation that the Attorney General be asked to draw a law for submission to Congress doing away with the necessity of indictment by grand jury for misdemeanors. Mahelona did not concur. He had not been present at the meeting of the Judiciary Committee and he had simply been handed a paper and told to sign it. He thought this was an attempt to railroad a measure through. He moved the report be referred back.

Long seconded the motion and it prevailed, but Chairman Andrade called a meeting of the committee for the noon hour and Mahelona, when matters were explained to him, readily signed the report, which was later presented and adopted.

The Governor notified the House that he had signed Act 3, to enact Revised Laws of Hawaii.

COMMITTEES REPORT.

The Judiciary Committee also recommended the dropping of Representative Pulaa's bill to repeal sections 1481 and 1482 of the penal laws on the ground that this might create mischief to land owners.

Resolution 56 by Representative Mahelona was recommended to go to the Committee on Public Lands and Internal Improvements.

The Reference Committee recommended the tabling of the following bills:

To amend sections 862 and 868 of chapter 59, Civil Laws, relating to internal taxes. (Rep. Kaleiopolu.)

To amend section 1339 of the Civil Laws. (Rep. Mahikoa.)

To regulate the Sabbath. (Rep. Aylett.)

The following were recommended discussed by the House:

To amend section 837 Civil Laws relating to tax exemption. (Rep. Kaniho.)

To maintain school libraries. (Rep. Kaniho.)

To permit distillation of spirituous liquors. (Rep. Kaniho.) To be tabled, as there is a similar Senate bill.

To amend the penal laws relating to illegal sale of liquors. (Rep. Kaniho.) To be tabled, as there is a similar Senate bill.

The Police Committee reported favorably on Rep. Mahelona's bill to appropriate \$10,000 for 50 more fire alarm boxes in Honolulu.

The Health Committee reported on the claim of \$500 for loss of the sloop Volante after taking Supt. McVeigh to Pelekunu on Board of Health business. More time was asked to look into the facts. The claim of J. W. Kalua for \$500 for palai was returned to the House and recommended taken up with the appropriation bill.

The Senate's concurrent resolution No. 6 admitted the justice of the contention of the House that each chamber should have five members on the committee to consider the Loan Bill. The resolution was referred to the Finance Committee.

Senate Bill No. 27, to provide for the regulation of barber shops, and Bill

No. 45, to regulate the laundering for hire of clothing, napery and like articles, were read a first time by title.

WHAT JACK COSTS.

Secretary Atkinson filed a report of the expenses of his office for the six months ending December 31 last. It amounted to \$752.45. The principal items were: Stationery and office supplies, \$253.05; stamps and stamped envelopes, \$121.25; expenses of Secretary to Hawaii and Maui, \$104.75; towels and cleaning materials, \$94.35; press and seal of Territory, \$58.80. The remaining items were for telephones, typewriter repairs and similar matters.

SOME NEW BILLS.

Rep. Harris introduced a bill to amend the taxation laws to impose an annual tax of \$4 on all males between 20 and 60 years of age, unless exempt by law, for the support of the public schools.

Rep. Rice introduced a bill to regulate costs in equity cases.

Rep. Mahelona wanted a select committee appointed to inquire how it is that the school children at Waiakohala school, Koolau, are forced to drink the water which comes from bathing pools above.

Upon motion of Rep. Rice the Health Committee was ordered to report on the matter.

Rep. Long introduced a bill to provide a docket fee of \$15 in all cases before Circuit Judges at Chambers and of \$25 in all cases in the Supreme Court.

Rep. Rice introduced an amendment to the jury law and another to regulate costs in equity cases.

Rep. Broad introduced a bill to prohibit the purchase of any government supplies from any person not a citizen of the United States.

Rep. Broad had another bill relating to taxation.

Rep. Kaniho introduced a bill to license barbers at an annual fee of \$25.

PETITIONS PRESENTED.

The following petitions were presented:

From Kahakulua and Hoakohau places for a police officer and a new school at Kahakulua and opening up of public lands to homesteaders. (Coelho.)

From Honouliuli, Maui, for the appointment of a deputy sheriff. (Coelho.)

From Honouliuli, for widening and cutting lanterns on the Kanahele road. (Rep. Coelho.)

From Honouliuli, to allow relatives of lepers to visit the settlement. (Rep. Coelho.)

From Honouliuli, for cutting lanterns on the Kanahele road. (Rep. Coelho.)

From Honouliuli, for the repeal of the wide tire law. (Rep. Coelho.)

From Koolaula, for the removal of the court house and jail from Kaula, court house and jail from Hauula to Laie. (Rep. Cox.)

That an item be inserted in the Appropriation Bill for the purpose of refunding all fees deposited by defeated candidates during the county election of 1903. (Rep. Coelho.)

That an item to pay all vouchers for salaries and expenses incurred in the county election be inserted in the Appropriation Bill. (Rep. Coelho.)

That the Public Expenditures Committee is requested to make a thorough investigation into the system of accounting in the Public Works, Public Instruction, Board of Health, Attorney General's and other departments and lay the information gained before the House. (Rep. Coelho.)

That \$40,000 be appropriated to purchase right of way for the extension of School street. (Rep. Mahelona.)

That \$3000 be appropriated for repairs and widening of the Huehue-Kiholo trail. (Rep. Greenwell.)

A batch of bills newly printed were put through second reading and referred to the various committees. The House adjourned at 2:30.

**Consults A
Physician**

**But does NOT
Tell Him All.**

Few women confide fully in a physician. They simply will not tell him all. That's why many doctors fail to cure female diseases.

Every woman dreads the ordeal of the physician's consulting room. A sensitive, refined woman shrinks from the searching questions and the physical examination!

It is not so in writing to Mrs. Pinkham. Thousands of women owe their present health and happiness (yes, and their good looks, too) to the fact that they have told all their physical troubles to Mrs. Pinkham and followed her advice and been cured of female diseases.

Lydia E. Pinkham's Vegetable Compound

Cures more women every year than any other medicine in the world. If you are in doubt about your case, write in perfect confidence to Mrs. Pinkham, Lynn, Mass. You will receive in reply a personal letter of advice free.

DEAR MRS. PINKHAM:—For three months I was sick in bed with female trouble and had four doctors, who all agreed that I must undergo an operation and have my ovaries removed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound before I submitted to an operation. I did so and am very glad to say that after I had used five bottles I was restored to perfect health, which I have enjoyed ever since. I am only too glad to recommend your medicines, as they saved me from an operation which might have proved fatal.

MRS. M. KUTTNER.
556 South Main St., Los Angeles, Cal.

Mrs. Hayes also profited by Mrs. Pinkham's advice.

DEAR MRS. PINKHAM:—Sometime ago I wrote you describing my symptoms (fibroid tumor) and asked your advice. You replied and I followed all your directions carefully and to-day am a well woman.

MRS. E. F. HAYES.
22 Ruggles St., Roxbury, Mass.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail
